FREE ADMISSION

Good evening,

The students, Mr. Comstock, and I are excited to share tonight's music with you. They have been hard at work which I believe will show through their playing.

I love the statement below that captures the value and importance of this music we are privileged to learn about and play almost every day.

Please enjoy tonight's concert, and be proud of each and every one of these students!

Mr. Lewis

"Jazz is recognized around the world for its rich cultural heritage rooted in the African-American experience. Since its inception in the early 20th century, jazz has contributed to and been a reflection of American culture and is widely considered to be the only truly original American art form."
